Dear Valued Guest,

In 1999, after long careers in the hospitality industry, we founded Synergy Corporate Housing. The organization was founded on a few simple principles. Hire the smartest, brightest and most driven people possible, those that possess passion for hospitality. Take care of the people, they will in turn take care of you, and together, we will take care of the customer. Live for perfection, and "Get It Right the First Time." Lastly, listen to our customers, and "innovate."

Much has changed since 1999. Today, technology drives much of our business through portals, emails, etc., and we find ourselves accommodating our guests on a worldwide basis. As of the letter date, we have guests residing in over twenty-eight countries throughout the world. Tube TVs have been replaced with flat screens, standard internet has been replaced with Wi-Fi, standard coil mattresses have been replaced with pillow topped memory foam, and our housewares have seen eight generational changes.

With all that has changed for the better, we find the guiding principles on which we built this organization still hold true. We are in a people business and are here to serve you, our customer.

With that being said, we welcome you to your new temporary home. We hope that you find your accommodations to be absolutely perfect. However, if there is anything we can do to make your stay more comfortable, please let us know.

Our team is here for you and ready to serve.

Warm regards,
